"GATOR in my mind comes from a great mating between Sultan and the "Great Griffen", with her combination of massive dairy strength, openness, and her beautiful capacious udder. With Sultan a Centurion son, known for his daughter's dairy quality and beautiful udders, I think you have the perfect combination to make cattle that will last in the show ring and in the milk string."
- Hank Van Excel, Lodi, CA

«À mon avis, GATOR provient d'un croisement excellent entre Sultan et la grande Griffen, avec sa puissante force laitière, son ouverture et son superbe pis. Avec Sultan, un fils de Centurion, reconnu pour la qualité laitière et les bons pis de ses filles, je crois que vous avez la combinaison parfaite pour élever des sujets qui dureront dans les arènes d'exposition de même que dans votre troupeau laitier.»
